**GRASS AND PERIMETER APPLICATIONS (including Golf Courses)**

**Perimeter application:** Apply to ground area 6 to 10 feet wide around and adjacent to the structure using an application rate of 3.13 to 6.25 pounds per 1,000 square feet.

**Grass application:** Broadcast Talstar 0.073% Plus Fertilizer with suitable application equipment to ensure uniform coverage over the treatment area. Apply 3.13 to 6.25 pounds per 1,000 square feet to control the following pests.

- **Annual Bluegrass Weevils (Hyperodinae)**
- **Ants**
- **Armyworms**
- **Billbugs**
- **Black turfgrass Attaenius**
- **Centipedes**
- **Chinch Bugs**
- **Cutworms**
- **Deer Ticks**

**Comments:**
1. Deer Ticks (Ixodes sp.) may have a complicated life cycle that ranges over a two year period and involves four life stages. Applications should be made in mid to late spring to control larvae and nymphs that reside in the soil and leaf litter.
2. Imported Fire Ants: Control will be optimized by combining broadcast applications that will control foraging workers and newly mated fly-in queens with mound treatments (using Talstar GC Flowable) that will eliminate any existing colonies.
3. The higher application rate may be required to control Ants, Centipedes, Flies, Imported Fire Ants, Millipedes, Mole Crickets, and Ticks (including Deer Ticks).

In New York State, do make a single repeat application of Talstar 0.073% Plus Fertilizer if there are signs of renewed insect activity, but not sooner than two weeks after the first application.

**Spreader setting to apply at the listed rate**

**Storage and Disposal**

- Do not contaminate water, food, or feed by storage or disposal.
- **Pesticide storage:** Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place and avoid excess heat. Carefully open containers. After partial use close tightly.
- In case of a spill, avoid contact, isolate area and keep out animals and unprotected persons. Confine spills. Call ChemTrec at 1-800-424-9300.
- To confine spill: Cover to prevent dispersal. Place damaged package in a holding container. Identify contents.
- **Pesticide disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Prohibitions**

- Container disposal: Paper and plastic bags: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by the state and local authorities, by burning. If burned, stay out of smoke.

**Dealers should sell in Original Packages only**

- **Terms of Sale or Use:** On purchase of this product buyer and seller agree to the following conditions:

**Warranty:** Distributor makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Except as so warranted, the product is sold as is. Buyer and user assume all risk of use and/or handling and/or storage of this material when such use and/or handling and/or storage is contrary to label instructions.

**Directions and Recommendations:** Follow directions carefully. Timing, method of application and weather conditions, mixtures with other chemicals not specifically recommended and other influencing factors are beyond the control of the seller and the manufacturer, and are assumed to be in the buyer and user's own risk.

**Use of Product:** The distributor's recommendations for the use of this product are based upon tests believed to be reliable. The use of this product is beyond the control of the distributor; therefore, no guarantee, expressed or implied, is made as to the effects of such or the results obtained if not used in accordance with directions or established safe practice.

**Damages:** Buyer's or User's exclusive remedy for damages for breach of warranty or negligence shall be limited to direct damages not exceeding the purchase price paid, and shall not include inciden- tal or consequential damages.
